WHAT THE BEST PART ABOUT TEACHING AT LACKAWANNA COLLEGE?
The best part is the opportunity to continue learning. By viewing my students’ education as a partnership, I get to learn from their questions, observations, and discussions.

WHAT SETS LACKAWANNA COLLEGE APART FROM OTHER SCHOOLS?
One of the most important features of this institution is the support so many departments provide to the students. The faculty are fair, understanding, and supportive of the students. We recognize that many of our students are going to school, working jobs, and have family lives outside of the classroom. By treating our students as people, we live out the College’s mission every day.
