Embracing Diversity

In this three-hour training program, a clear picture of diversity today will be presented. You will learn about diversity locally, regionally, nationally, and globally. Diversity in the workplace provides a competitive edge to an organization.

You will learn about this formula: Ethnicity + Generations+ Gender =Talent

Strategies for action regarding the value of diversity include creating an environment of acceptance vs. tolerance and providing education to all employees. Learn to see the workplace from others’ perspectives. Consideration of ethnic celebrations and employee resource groups to celebrate a diverse culture will be examined. You will learn about developing activities and events to educate, embrace and celebrate your company’s commitment to diversity. Our facilitator’s engaging approach encourages a high level of participation and together we will gain insight to building a culture of inclusion.

Bring this training program onsite for your workforce...
