### **Furnished Items**

- Desk and chair
- Bed (extra-long twin bedding required) with two drawers underneath for storage.
- Closet
- Lockable security box for valuables. Student must provide own lock.
- Wi-Fi • Cable TV connection (1 per room, splitter required for multiple TV's)
- Smart phone application operated laundry facilities are provided in a community room.
- Micro-fridge

### **Recommendations/Requirements for Residence Hall Living**

- No carpeting is provided. Residents are allowed to bring a carpet no larger than 30 inches by 60 inches for their personal space. For safety reasons, all rugs or carpets must have a non-slip (rubber) backing (no rattan rugs, horsehair mats, straw mats, etc.). If all roommates agree, members of a room may use an area rug.
- Because of a shortage of space in the residence halls, storage is not available. Privately owned storage facilities are located in the surrounding area. College furniture must remain in a resident's room. It cannot be stored elsewhere in the building, nor can it be removed from the building.
- Because our beds are built with additional storage underneath, bunking them is impractical and extremely dangerous. Lofting beds is also prohibited. Mattresses must remain on the bed frame which, in turn, must remain on floor.
- Students are not allowed to paint their rooms.
- Televisions, Blue Tooth speakers, personal computers, hair dryers, electric razors, gaming systems, and alarm clocks are permitted. These devices may not exceed the amperage limits of the circuits in the rooms.
- The use of a surge/noise suppression outlet strip to protect computers and other electrically sensitive equipment and the use of a UL-listed multiple outlet power strip with a built-in 15-amp fuse or circuit breaker are strongly recommended.
- Due to fire safety requirements, cooking in any area of the residence hall is prohibited. Therefore, residents are not allowed to have any type of cooking appliance in their rooms.
